

SERFC Concussion Reporting Form (for any player with SUSPECTED concussion)

Sutton & Epsom RFC
An amateur community rugby club

This form is to be used by coaches and/or first aiders for reporting any playing member who may have a suspected concussion to the medical team at SERFC. It is not a confirmation of concussion - it is just identifying any player who has had a suspected concussion so that they can be assessed and managed in line with RFU concussion guidelines. This is NOT a form to be used for documenting first aid (or medical) assessment or treatment

Thank you for completing this form. The SERFC medical team will now contact the player (or parent) to offer them some advise and guidance. This communication will also outline the pathway the player will follow towards returning to play (The GRTP process). Please ensure this player does NOT return to play until your head coach has liased with the SERFC medical team to agree the Return to Play pathway to be followed.
